

# O&M AND SAFETY CONFERENCE

Round Rock, TX | August 25 - 26, 2021

The ACP Operations & Maintenance and Safety Conference is where the industry comes together to recognize unique challenges and identify solutions in health and safety, operations and maintenance, workforce training and development, and quality assurance. Whether you're launching a new product or working to expand your market share, sponsoring, exhibiting, or securing meeting space will generate exposure for your company that helps establish you as an industry leader.

## SPONSORSHIP

Sponsoring gives you the opportunity to broadcast your company brand to this diverse group of O&M, safety, workforce development, quality assurance, & engineering professionals. At the event, you get to demonstrate your company's value to attendees while they learn and network. No matter your budget, sponsorship provides a clear platform for company and product promotions, which will leave a lasting impression on attendees.

SUZLON

## EXHIBITION

A booth gives your company limitless opportunities to increase sales, reach new buyers, close deals, and strengthen your brand.

- Meet and connect with prospective customers
- Strengthen your bond with existing customers
- Learn about new developments in the industry
- Scope out the competition
- Develop and strengthen your brand

## MEETING ROOMS

Whether you're brainstorming a new partnership or finalizing a scope of work for an upcoming project, nothing beats face-to-face meetings. Private meeting rooms provide an intimate setting that allows you and your team to:

- Capitalize on the savings, connections, and convergence of the industry coming together by securing private meeting space
- Conduct scheduled meetings in a convenient location
- Construct a "home base" to host spontaneous meetings that otherwise wouldn't occur
