Membership Category (Please select the **one (1)** category that best fits your company)

- Owners/Operators/Developers** – Members representing an organization(s) or company or companies that will be responsible for the development, management of operations and/or ownership interest in a clean energy project or plant.
- Producers** – Members representing manufacturers of components, supply chain manufacturers, or original equipment manufacturers (OEM).
- Technical** – Members with specific technical knowledge relevant to the clean energy sector
- Consultants** – Members representing organizations or companies that provide consultants, engineers, architects, inspection and testing firms, offering advice, information, and services for the clean energy industry and organizations that represent any of the above.
- General Interest** – All other organizations not otherwise classified within another specific category. This includes individuals with a demonstrated interest or expertise in clean energy industry standards. Organizations will be asked to describe their type, with examples including trucking or transportation companies.

Experience and Qualifications

1. Provide an explanation of your general knowledge and competence in the scope (work) of the ACP Technical Standards Committee:

2. What perspective will you be able to provide to the ACP Technical Standards Committee:
