Membership Category (Please select the **one (1)** category that best fits your company)

- Independent Service Provider** – Members representing organizations offering specialized, independent services such as maintenance, repairs, and technical support for clean energy assets, operating separately from OEMs or project owners.
- Training/Education** – Members representing, colleges, trade schools, or other entities whose primary purpose is training and education.
- Owners/Operators/Developers** – Members representing an organization(s) or company or companies that will be responsible for the development, management of operations and/or ownership interest in a clean energy project or plant.
- Producers** – Members representing manufacturers of components, supply chain manufacturers, or original equipment manufacturer (OEM).
- Consultants** – Members representing organizations or companies that provide consultants, engineers, architects, inspection and testing firms, offering advice, information, and services for the clean energy industry and organizations that represent any of the above.
- General Interest** – All other organizations not otherwise classified within another specific category. This includes individuals with a demonstrated interest or expertise in clean energy industry standards. Organizations will be asked to describe their type, with examples including trucking or transportation companies.

Experience and Qualifications

1. Provide an explanation of your general knowledge and competence in the scope (work) of the ACP Workforce Standards Committee:

2. What perspective will you be able to provide to the ACP Workforce Standards Committee:

3. Other relevant activities that should be considered in evaluating this application:

4. Please submit a resume, if one is available, detailing your work history, experience, and education.

5. If you selected, technical, consultants, or general interest membership categories, please provide additional information in your area of expertise or experience:

Is your company affiliated with an existing member company on the Standards Committee? Yes/No If yes, please state the company name and the nature of the affiliation.

Membership Responsibilities and Policies

I, the undersigned, acknowledge that my membership in the ACP Standard Committee is subject to compliance with the following policies and procedures: [Code of Ethics](#), [Ground Rules](#), [Standard Development Procedures](#), and [ANSI's Essential Requirements](#) for patent policy information, and that this application becomes a binding agreement upon acceptance by ACP and is subject to the terms and conditions that constitute a part of, or are included in, this application. In addition, I understand that membership responsibilities include volunteering to help draft requirements, if the requirements are in the committee member's field of expertise.
