

# AMERICAN ENERGY GROWS THE ECONOMY

## Idaho

### GROWING IDAHO'S ECONOMY

Clean energy investment is estimated

to add **\$7 billion**  
to the state's economy from 2025-2035

Due to federal programs and clean energy tax credits, a new report—commissioned by ACP and conducted by ICF—estimates the American energy industry will deliver significant economic growth and job creation to Idaho.

### 2025-2035 Forecast for Idaho

#### Delivering Jobs

**62,000 FTEs<sup>1</sup>**

<b>Transportation</b>	34,200
<b>Power Sector</b>	<100
<b>Buildings</b>	14,500
<b>H2</b>	<100
<b>Sustainable Aviation Fuel</b>	11,200
<b>Manufacturing</b>	12,500

The package of energy tax incentives, grants, and other programs creates tremendous opportunities for job creation and economic growth.

From 2025-2035, the IRA is estimated to deliver **62,000 FTEs** across Idaho—or around **5,600 jobs** per year.

#### Boosting Income

**\$2 billion**

in additional income  
for Idahoans

#### Promoting Spending in Idaho's Economy

**\$14 billion**

of spending resulting from investments  
in American energy infrastructure
